## Dear Readers

On behalf of the Board of the Journal of Open Access Public Health and Health Administration Review ([www.mdqip.com](http://www.mdqip.com)) and my co-editors, I am pleased to present the Volume 1, Issue 1 of the journal. The journal established in 2022 has now published its first issue; two issues in a year. The journal is now getting to be indexed in different academic forums. We could reach this stage through the constant support of Board Members and intellectual generosity of the readers and contributors (authors and reviewers).

One of the objectives of this journal is to encourage publication from different streams of research that helps to enrich and further create and disseminate scientific knowledge to empower the nations. We take this opportunity to thank the authors for sending their work for publication.

Please see below brief profiles.

We have enriched our editorial board for addressing the gaps and further enriching this journal. I am glad that Prof. Dr. Fahd Albejaidi has joined as Executive Editor of this journal. I am sure with efforts of the Editorial Board, the journal will be able to strengthen the links with scientific community. Also joining the editorial team is Dr. Adhir Sharma, Dr. Alex Khang, Dr. Zarrin S. Siddiqui, Dr Mohammed F. Alharbi, Dr. Kesavan Sreekantan Nair, and Dr. Nauman Rahim Khan. They have been actively involved in the journal since the inauguration. Interested readers can see the brief profiles of Chief Editor and executive Editor in this inaugural issue (Dec 2022). We are thankful for the patience of the authors who submitted their manuscript earlier in Nov. 2020 in response to our social media call for paper but due to some technical issues in Design and Development of the website we are now publishing in March 2023 the Volume 1, Issue 1 for December 2022.

Professor Dr. Bahadar Shah is a senior academician of Management Studies in Pakistan. He did his master in Public Administration from University of Peshawar and earned the Doctorate degree in Legal Studies from the Universiti of Warsaw, Poland.

He remained the Chairman Department of Public Administration Gomal University Pakistan as well as Chief Editor of the Gomal University Journal of Research. Later, in 2010, he joined Hazara University Garden Campus Mansehra and worked as Dean Faculty of Management Sciences and Law. Dr. Shah has also rich administrative experience. He worked as Registrar of the Hazara University Mansehra and Special Advisor to the Vice Chancellors of the University of Science and Technology Abbottabad and Havelian. Currently he is the Director Operations Helping Hand Institute of Rehabilitation Sciences, Pakistan. He is a reputed researcher and supervised several Doctoral and Master Student's research thesis.

Dr. Fahd M. Albejaidi is a well-known Saudi academician and researcher. He earned his master degree in Public Administration and Doctorate in the Quality Management from Monash University Australia. He worked in Ministry of Health as a Director, later, he joined Qassim University. He remained the Dean of the College of Public Health and Health Informatics, Al-Bukayriyah, Qassim University, Kingdom of Saudi Arabia. Currently he is Head of the Department of Health Administration.

He is an excellent researcher, speaker, and working in several committees of the university. Dr. Albejaidi is regularly involved in research and has published several articles in the indexed journals. Dr. Albejaidi is known for his expertise in Quality Management, he remained the President of Saudi Commission of Health Quality Management.
